About Acme Analytics

Acme Analytics Ltd. is a data consulting company founded in 2012 in Manchester, United Kingdom. We help retailers and logistics firms turn their sales data into forecasts. Today the company employs around 140 people across two offices, Manchester and Leeds.

How to use this handbook

This handbook explains the everyday rules of working at Acme. It does not replace your employment contract. If the handbook and your contract disagree, your contract wins. Questions about any policy should go to the People Team at people@acme-analytics.example.

Working hours

The standard working week is 37.5 hours. Core hours are 10:00 to 16:00, when everyone is expected to be available. Outside core hours you may start and finish when it suits you, as long as your team agrees.

Remote work

Employees may work from home up to two days per week. Remote days must be recorded in the shared team calendar by Friday of the previous week. Working from another country requires written approval from your manager and the People Team, and is limited to 20 working days per year.

Annual leave

Full-time employees receive 25 days of paid annual leave per year, plus UK public holidays. Up to 5 unused days can be carried over to the next year; they must be used before 31 March. Leave requests should be made at least two weeks in advance through the HR portal.

Sick leave

If you are ill, tell your manager by 09:30 on the first day of absence. For absences longer than 7 calendar days a doctor's fit note is required. Acme pays full salary for the first 10 sick days in any 12-month period.

Expenses

Business expenses must be submitted in the expenses app within 30 days of the purchase, with a photo of the receipt. Claims without a receipt are not reimbursed. Approved expenses are paid with the next monthly salary.

Travel and meals

Train travel should be booked in standard class. Flights need approval from a director before booking. When travelling for work, meals are covered up to 25 pounds per day. Hotel stays are covered up to 120 pounds per night in London and 90 pounds per night elsewhere.

IT and security

Passwords must be at least 12 characters long and must never be shared. Multi-factor authentication is required on all company accounts. Suspicious emails must be reported to security@acme-analytics.example without clicking any links.

Leaving the company

Employees must give one month of notice in writing. Your laptop, badge and any other company equipment must be returned within 5 working days of your last day. Your final salary includes payment for any unused annual leave.
